

Autism Behavior Toolbox and Autism Family Toolbox Licensing for Schools and Practices

School and practice licenses are for an initial 1, 3 or 5 year term.

A school license gives all teachers, administration and support staff unlimited access to Autism Behavior Toolbox at school and at home, from any computer or mobile device with Internet access. When Autism Family Toolbox is included in a license, access to that edition can be freely given to parents and family members.

School size is determined by the number of students, with small being 250 or less and large more than 250.

Two or more schools can be included on a group license which would qualify for special pricing.

License Price List

	1 Year	3 Year	5 Year
Small School	\$59	\$149	\$249
Large School or Practice	\$79	\$199	\$349
Family Editions	\$20	\$40	\$60

Full support is available throughout the license period.

Licenses can be extended to include other schools at any time during the license period.

Prices are in USD.

Taxes may apply.
